Languages & Framework

▶ In our website we use such as :

- HTML & CSS
- Bootstrap 5
- Javascript
- AOS
- Swiper.js

About our website

- For our website we focusing on keep our user up to date about sport, food trending, travel and Esport.

- For our website its responsive on literally every device from a small screen to a gigantic screen.

- We also focusing on performance and the smoothness on our website as well to ensure that you will have a wonderful experience when using our website

- Also unfortunately our website doesn't have backend yet, we just focusing on front end to ensure that everything work smoothly.

- We also use Modal in Bootstrap 5 to show more details about the news so it won't take to much space or new page

NEWCASTLE VS MAN UTD

Manchester United boss Erik ten Hag speaking to BBC Match of the Day: "We have to give credit to Newcastle, they played better than us tonight. We started well, had a chance with Garnacho, but then after that they were better. "For a long period they were better than us, and we went 1-0 down. To be fair at the end of the game we came back and had some good opportunities. Reguilon, very good chance. The offside goal. So yes in the end we fought back but we need to do this over a whole game. On workrate of the team tonight: "You could say we defended quite well [as per the statistics], but I prefer for us to stay further away from our goal. I'd prefer us to have more of the ball and play in their half. We had our moments where we could make good movements but it was not enough. We need to be more dominant in a game. On uncertainty between goalkeeper and defence: "In the start there were a few errors, but they picked it up and it worked
